Friday 5th March March 2021

· On-line meeting ·

WELCOME

Dear friends, colleagues and EUS lovers,

Welcome to a new concept of EURO-EUS meeting, that will be conducted virtually from Santiago de Compostela, Spain, on March 5th, 2021. While we expect to welcome you in Santiago de Compostela for the EURO-EUS 2022, due to the COVID-19 pandemic EURO-EUS 2021 will run virtual.

This year, we have decided to run EURO-EUS just for one day. The intention is to keep your attention throughout the day, since we are aware of how busy you are. Registration is free.

We have developed a highly interesting program combining live demos from different international centers and lectures on hot topics on EUS from key opinion leaders. Both live demos and scientific sessions will be combined in a very dynamic way to make the meeting attractive.

From the Department of Gastroenterology and Hepatology of the University Hospital of Santiago de Compostela, we are proud to organize the EURO-EUS 2021 and hope to have you as a participant.

Looking to welcoming you virtually,

Let's have a great EURO-EUS 2021 together!!!

Erwin Santo
Julio Iglesias García
Paolo Giorgio Arcidiacono
